The Opera House was designed by a Danish architect Jorn Utzon whose design was selected as the winning one among 232 other entries in an international design competition. The formal inauguration of the building took place on 20 October 1973.

Пять шагов на уроке

Task 1. Pre-reading. Look through the texts. What is the main topic? What different aspects of this topic do they touch on?

Task 2. Pre-reading. Analyze the headings. Paraphrase as many words as possible: synonyms, antonyms, definitions, your own words.

Task 3. Pre-reading. Predict what the corresponding text can be about so that it matches the heading.

Task 4. Read the texts. Mark the key words and phrases that help identify the main idea of the text.

Task 5. Match the texts with the headings. Check your answers.

Why do you think Heading 4 is an extra one? Coloured stereotype – khaki and leopard prints are mentioned in text A, but A is about the word “safari”.

Exam task: texts A–C

Установите соответствие между текстами A–G и заголовками 1–8. Используйте каждую цифру только один раз. В задании есть один лишний заголовок.

HEADINGS

1. Earth is not enough
2. The word came first
3. Challenging the skillful
4. Coloured stereotype
5. Taste of culture
6. Not only exercising
7. To preserve and respect
8. Follow the idol

A. Entering the English language in the late nineteenth century, the word safari meant a trip to Africa for a big-game hunt. Today the term refers to a trip taken not to hunt, but to observe and photograph the animals and other wildlife. This activity had become so popular that it has originated a certain style of fashion. It includes khaki clothing, belted bush jackets, helmets and animal skin prints, like leopard's skin, for example.

B. The purpose of ecological tourism is to educate the traveler, provide funds for conservation and promote respect for different cultures and human rights. The participants of ecotourism want the environment to stay relatively untouched by human intervention, so that coming generations can experience it fully. That is why ecotourism appeals to ecologically and socially conscious individuals, who don't mind volunteering.

C. People who like seeing dangerous places, such as mountains, jungles and deserts, participating in dangerous events, and experiencing extreme sport definitely appreciate extreme tourism or shock tourism. This type of tourism is based on two key factors. The first one is an addiction to adrenaline caused by an element of risk. And another one is the opportunity to show a high degree of engagement and professionalism.

Exam task: texts D–G

D. Culinary tourism is something you can enjoy if you like good food and want each of your dishes to be a unique and memorable experience. But culinary tourism also considers food to be a vital component of traditions and history of any country, region or city. The tourists believe that by experiencing each other's foods people can learn something new about each other's lives.

E. Space tourism used to mean ordinary members of the public buying tickets to travel to space and back. That is why many people find this idea revolutionary. But over the past few years a growing volume of work has been done on the subject, and it's clear that commercial space tourism is a realistic target for business today. Market research has shown that many people in the developed countries would like to take a trip to space if it were possible.

F. The sports tourism industry has earned an international reputation because it is open to everyone: amateurs, fans, and professional athletes with their trainers and coaches who come for a range of activities from training camps through friendship games to international championship competitions. Sport tourism combines the opportunity for athletes and sportspeople to benefit from sports activities with a relaxing and enjoyable vacation.

G. To go to Tunisia to explore the place where the film Star Wars was made or to New Zealand after The Lord of the Rings is very easy for those who practice pop-culture tourism and like to travel to locations featured in literature, films, music, or any other form of popular entertainment. But pop-culture tourism is not only about going to popular destinations. In some respects it is very similar to a pilgrimage, only the places are new, for example Elvis Presley's Graceland.
