

Сначала хорошее. Все три монолога полные, структура ровная: обращение, фото, плюсы и минусы обеих, мнение с причиной, заключение. По содержанию — максимум в каждом (4/4), связки подписаны верно, перепутанных картинок нет. Монолог про accommodation почти чистый: 9 из 10.

Отдельно отмечу: ты применила идеи и коллокации, которые мы разбирали на уроке, — take a gap year, save up money, drop out, get a degree, shared room, bunk beds, roommates, own space, concentrate on studies. Запомнила и перенесла в речь, а это самое трудное. Дальше нужно только довести форму до точной.

Итог: 8, 8 и 9, в среднем 25 из 30. Баллы уходят в основном на грамматику, и ошибки повторяются, так что их легко закрыть.
